

FEATURED TEAM:

Sand Canyon Surgicenter, Irvine

GOING GREEN WITH BLUE WRAP RECYCLING

WHAT THEY DID:

The team placed a recycling container designated for blue wrap—a heavily used nonbiodegradable plastic—in each operating room. Members explained to staff that the blue wrap recycling project is a good cause and reinforced the message at staff huddles and UBT meetings.

RESULTS:

More than 600 pounds of blue wrap recycled per week, saving Kaiser Permanente nearly \$6,000 in waste disposal fees, helping the community and preserving the environment.
